EXPERIENCE LAND ROVER DAY CERVINIA

Breuil-Cervinia, 22 - 23 July 2017

Back to Cervinia!

Almost 10 years after the Italian National Cervinia 4x4, finally Land Rover Experience Italy come back to Valtounenche.

The date at about 2000 meters above sea level is set on Saturday 22nd and Sunday 23rd of July in Breuil-Cervinia. Previous editions involved up to 2300 participants and more than 1000 Land Rover vehicles from all over Europe!

Drivers will start from Cervinia, town of the famous international ski resort with over 200km of slopes, they will climb along the tracks in the shade of Matterhorn, "the noblest rock of Europe", towards Plan Maison and Plateau Rosà, over 3500 meters above sea level.

Cars will travel several ski slopes, that during the summer offer stunning landscapes and colors to who treats them with respect. For this reason, the event can involve up to 100 cars per day. During the climb towards Plateau Rosà, we will stop in a mountaintop restaurant to have a break and taste the typical products of the area. After lunch we will go on over 3000 meters and then descend again to Cervinia, where there will be rewards and greetings. It will be the end of a wonderful and memorable day!

The event is open to all Land Rover owners and vehicles: the dynamic Discovery, the elegant Range Rover, Evoque, Freelander and of course Defender.

The off-road routes will be not too difficult and they will be without vegetation. No specific equipment required, apart from the spare wheel (not repair kit), which we consider mandatory.

We look forward to see you in Breuil-Cervinia!

Deadline is 20th July, 2017

€ 35,00 per day	

Price includes: Logistical Assistance – Road Book – Participation in activities and routes – Lunch at mountaintop restaurant – Gadget

Price does NOT include: overnight stay and everything not mentioned in the “price includes”.

GENERAL PROVISIONS

In case of bad weather or its consequences (at the incontestable staff discretion), all the vehicles with no low gear, with 18 inches wheels or low ground clearance, may be subject to deviation from the main route and in any case they cannot go to demanding routes.

Mandatory equipment: spare wheel.

I hereby declare to strictly comply with the organizational staff instructions during the Land Rover Day Cervinia. I am committed to adhere to the instructions of this document. I am aware that the participation with 18, 19 and 20 inches wheels needs more know-how and attention in driving because that wheels are not ideal for off-road routes and the risk of punctures is higher.

The event organization will not be liable of any damages or injury to people or property caused by me, including my vehicle.

I hereby declare to be aware that the photographic and video material concerning the event will be used for advertising and journalistic purposes.
